# SAFETY ON THE INTERNET:

## How do I protect my family?

2015 Answers Conference Coming on March 15

From our computers to our appliances, from Smartphones to our TVs, from tablets to even our cars, the Internet is pouring into our lives. This connectivity can be a great thing. But, it's a two way street, often loaded with danger: Danger to our kids, our finances, our privacy, and our safety on the road. How can we protect ourselves and our families from these dangers? Learn how on Sunday, March 15

Three security experts will speak. Burton Kelso, John Breckenridge, and Steve Ryun will team up to share from their professional experience and their experiences as fathers. They will share what the dangers are, the challenges of staying ahead of technology and our children, how to protect the family from cybercrime, and the ways to overcome those dangers and challenges and keep your family together in spite of it all. Wellington-Napoleon High School Principal Mindy Hampton will also participate, bringing first-hand knowledge of what teens and preteens are up to with their devices. *See speaker info online...*

The Answers Conference is co-sponsored by St. Luke EFC and the Community Christian Center (CCC). The afternoon starts at 11:30 AM with lunch for all participants (please RSVP so that we have an accurate count), then several sessions with our speakers and end around 4:15 with a panel discussion to provide an opportunity for participants to ask questions. It is geared for both parents and students. ***Child care will be provided for ages 10 and under at no charge.***

***Who Should Attend?*** Whether you are tech savvy or find your head spinning with the latest technology, this conference is for you. We are encouraging both parents and students to come. When St. Luke hosted a similar workshop last November, they got two responses – “We want more time to learn on these subjects.” and “We want our kids to hear about these things from professionals.” This will be a key conference with long-lasting impact. Grandparents are also strongly encouraged to attend.

Lunch will be served from 11:30 AM to 12:30 PM with the first conference session scheduled at 12:30. Several sessions are planned, including the possibility of parent-only and student-only break out session. ***Registration is free.*** Contact either the CCC or St. Luke EFC: at 816-934-2707 or St. Luke at 816-240-2312 or through email [cccforyou@gmail.com](mailto:cccforyou@gmail.com) or [lookstluke@cebridge.net](mailto:lookstluke@cebridge.net).

### Community Christian Center

710 W. Highway 224, Wellington, MO

***ADMISSION IS FREE, AN OFFERING WILL BE RECEIVED***

Pastor Christopher will preach a pre-conference message on  
***“The Internet: Good or Evil?”*** at 10 AM at St. Luke EFC.
